

Civil Money Penalty Technology Grant: Supplemental Narrative

As part of Rhode Island's digiAGE Collaborative effort to bridge the digital divide for older adults in the state, the Rhode Island Executive Office of Health and Human Services (OHHS), in partnership with the Rhode Island Office of Healthy Aging, is allocating \$100,000 in CMP funds to help nursing homes procure smart devices and related accessories that help residents virtually connect with family and friends and access preventative care services. To apply for this grant opportunity, certified nursing homes in Rhode Island must send a completed application, along with a completed Supplemental Narrative, to oha.info@oha.ri.gov by Friday, August 7.

Contact & Approach

Business Name:

Point of Contact:

Phone

Email:

Street Address:

For each of the following, provide a detailed response on the organization's efforts to address these areas through a CMP investment:

1. current + ongoing tech access/enablement activities and efforts
