

Rhode Island Medicaid Programs for Children with Special Healthcare Needs

Revised: February 2016

The enclosed services and supports are available to Medicaid eligible children and their families (Fee for Service Medicaid, Neighborhood Health Plan of RI and UnitedHealthcare Rhode Island Community Plan). Fact Sheets for each of these services can be found on the Executive Office of Health and Human Services (EOHHS) website at:

<http://www.eohhs.ri.gov/Consumer/ConsumerInformation/Healthcare/PeoplewithSpecialNeedsandDisabilities/Children.aspx>

The Home-Based Therapeutic Services (HBTS) Program provides intensive home and community services to children up to age 21 with severe behavioral health, developmental or physical disabilities. All HBTS Agencies provide Pre and Post Treatments, Intensive Specialized Treatment and Treatment Support. Note: The information below was provided by each listed agency.

Personal Assistance Services and Supports (PASS) is a set of specialized health services delivered in a child’s home and/or community. PASS services are consumer-directed as parents can recommend PASS workers to an agency and are responsible for training and supervising their workers. Personal assistance services include goals in the performance of activities of daily living, the ability of the child to make safe and self-preserving decisions and participation in social roles and social settings. All agencies service the entire state of Rhode Island.

Respite care for children is a program that allows parents or guardians caring for a child with disabilities to have time off for themselves. To be eligible for Respite, a child must need an institutional level of care that can best be described as the type of care typically provided in a hospital, nursing home or Intermediate Care Facility. Parents/guardians will be required to find their own Respite worker, but assistance will be available. To apply for Respite, families should contact a CEDARR Family Center for information or contact Karen Sullivan at EOHHS for a Respite application.

CEDARR FAMILY CENTERS establish a partnership between a family and a team of caring staff who work collaboratively to find some answers and solutions to their children's needs and goals. CEDARR can help children and families increase their understanding of their children's diagnosis, find needed resources, improve peer relationship and support parent needs.
