4. Section III – state the reason why the information is needed (e.g., disability claim, continuing medical care)

5. Section IV – check ONE of the listed boxes.
   
a. Entire Record – the patient’s complete medical record except for the sensitive information (e.g., alcohol/drug abuse treatment referral, sexually transmitted diseases, HIV/AIDS-related treatment, and mental health/other than psychotherapy notes)

b. All of the information (except the boxes I checked) in Section VI below – the patient should check only those boxes the patient does NOT wish to have disclosed

Psychotherapy notes are often referred to as process notes, distinguishable from progress notes in the medical record. Theses notes capture the therapist’s impressions about the patient, contain details of the psychotherapy conversation considered to be inappropriate for the medical record, and are used by the provider for future sessions. These notes are often kept separate to limit access because they contain sensitive information relevant to no one other than the treating provider.

e. RELEASE OF SENSITIVE INFORMATION – check alcohol-drug abuse treatment/referral, HIV/AIDS-related treatment, sexually transmitted diseases, mental health (other than psychotherapy notes) – patient must check the appropriate box!

6. Section V – sign and date. If a different expiration date is desired, specify a new date.

7. Section V – Authorized Representative (e.g., legal guardian, power of attorney)
