Summary:

In January 2014 the Centers for Medicare and Medicaid Services (CMS) issued a final rule (42 CFR 441.301 and 441.710) regarding Medicaid-funded home and community based services (HCBS). The rule applied to HCBS provided under 1915(c) authorities. Rhode Island’s authority to claim Federal Medicaid match for HCBS is under our 1115 Waiver.

The intent of the rule is to ensure that Medicaid-funded HCBS are provided to individuals in a setting that is integrated and supports full access to the community; are selected by the beneficiary; ensure an individual’s rights of privacy, dignity and respect, and freedom from coercion and restraint; optimize autonomy and independence in making life choices; facilitate individual choice regarding services and supports, and who provides them; and are based on a person centered service plan.

Components addressed in the Updated Transition Plan:

Rhode Island’s Updated Transition Plan will encompass the following:

- An updated description of the State’s process for compliance with Medicaid-funded HCBS rules (p.3-4)
- On-going Monitoring of Settings (p. 3)
- An updated transition plan matrix with milestones towards deliverables; and start and end dates for each deliverable. (p.4-9)
- An updated plan of remedial actions for a 100% validated sample size of all the settings (p.10)
- Department of Justice Consent Decree and Transition Plan (p.10)
- Heightened Scrutiny (p.10-11)
- Relocating Beneficiaries (p.11)

Materials included in the Transition Planning Document:

List of Providers

Provider Self-Assessment Tools for Residential and Non-Residential Settings

Background-1115 Waiver

All of Rhode Island's Medicaid-funded HCBS are authorized under an 1115 Waiver. The State's Waiver application was approved by CMS for five (5) years, from December 23, 2013 through December 31, 2018.

Medicaid-funded HCBS authorized in the 1115 Waiver are provided to the following populations when they meet both clinical and financial eligibility requirements:

- Aged, blind and disabled individuals
- Individuals at risk for LTC with income at or below 250 percent of the FPL, who are in need of home and community-based services
- 217 like Categorically Needy Individuals receiving HCBS waiver-like services & PACE-like participants in the Highest need group
- 217 like Categorically Needy Individuals receiving HCBS waiver-like participants in the High Need group
- 217 like Medically Needy receiving HCBS waiver-like services in the community (High and Highest group). Medically Needy PACE-like participants in the community
- Adults living with disabilities with incomes at or below 300 percent of the SSI with income and resource lists above the Medicaid limits
- Adults aged 19-64 who have been diagnosed with Alzheimer's disease or a related Dementia as determined by a physician, who are at risk for LTC admission, who are in need of home and community care services, and whose income is at or below 250 percent of the FPL

The Settings that will be reviewed for programs and facilities are the following:

- 1) 281 Residential Settings
- 2) 17 Agencies providing Shared Living
- 3) 29 Day/Employment Programs
- 4) 34 Assisted Living Sites
- 5) 29 Adult Day Programs

The State's goal is to have a 100% sample size for provider self-assessments for all settings. Consumer surveys, site visits, engaging advocacy group (ombudsman), licensing reviews and/or National Core Indicator will be used to validate the assessment process. All non-residential programs under the auspices of the Department of Behavioral Health Developmental Disabilities, and Hospitals fall within the parameters of the Department of Justice Consent decree, but will be assessed through the process developed for the HCBS rule. The State's Adult Day programs which provide services through a different licensure process have been or will be assessed through the same HCBS process. The validation process for the assessment process will consist of the following:

- Documentation in the compliance grid of provider self-assessment responses. Identification of all answers that show non-compliance to the HCBS rule completed by 7/31/2016 by state team review;
- Identification of settings where provider and consumers are not consistent. Review of 100% settings that have received inconsistent results. Random sampling of sites that have consistent responses from both provider and consumer surveys;

- Outreach to each agency for validation of all answers by state review team. Development of provider letters reporting non-compliance issues and state availability for provision of technical assistance by 8/31/2016;
- Settings will provide remediation plans to the State for review and will be in compliance by 9/30/17.

A list of Core Services of the 1115 Waiver is defined in Attachment A (p. 37-42).

State Team Responsibilities:

The State Team consists of the Executive Office of Health and Human Services (EOHHS) and the Departments that are under the EOHHS umbrella: the Department of Behavioral Healthcare, Developmental Disabilities, and Hospitals; the Department of Health, the Department of Children, Youth and Families; and the Department of Human Services; Division of Elderly Affairs; as well as provider and advocacy groups such as, Advocates in Action (AIA); Community Provider Network of Rhode Island (CPNRI); Rhode Island Developmental Disabilities Council; LeadingAge Rhode Island; Rhode Island Assisted Living Association and The Paul V. Sherlock Center on Disabilities.

Consumers and advocacy groups have provided input, review and have been involved in the development and implementation of the consumer surveys of the transition plan. On-going meetings will continue with consumer and advocacy groups in order to provide consumer leadership in the assessment process

The State team responsibilities will be on-going over the next four (4) years and there will be a clear understanding of the work plan and timelines needed for full implementation. Continued stakeholder engagement to review the findings will be critical to fully complying with the Final Rule by March 2019.

Monthly engagement meetings with stakeholders will continue to serve as a process for educating the public about the new rules as well as an opportunity for feedback. Until the Final Rule is fully implemented, the Transition Plan will be an open document/process that works with all stakeholders to achieve gradual implementation.

Vision for Training and Compliance

In order to ensure that Rhode Island has the capacity to implement the Transition Plan, the State team developed an inter-departmental training, technical assistance and compliance team.

As the State team continues to identify vulnerabilities within the State agencies and service providers, a team of State-led trainers and technical assistance staff will be available to assist agencies.

Depending on the need of each agency, more intensive technical assistance may be offered by the State team to bring programs, policies and practices into compliance; therefore, the training team will incorporate extensive technical support to providers.

The State team will utilize its compliance resources to lead an inter-departmental team to monitor agencies' compliance. Monitoring may be supplemented by interns from state universities and colleges programs. State educational institutions have areas of study that focus on human services, including Developmental Disabilities, Elder Care, Nursing and Social Work. The State feels that utilizing our colleges and universities will benefit the State as well as the students by providing a practical work experience.

On-going Monitoring of settings:

The monitoring process past 2019 will consist of each Department including the HCBS final rules as part of their regulations and or certification agreements. As a result, as part of state auditing and licensing review, HCBS final rule will be embedded into each Department's auditing, oversight and monitoring process.

At BHDDH the monitoring process will continue by conducting quality investigations on provider agencies. The quality investigations will be conducted by way of site visits, record reviews and interviews with families and individuals receiving services.

In addition, our Managed Care Organization will also have contract amendments incorporating the HCBS final rule process into their oversight and monitoring process.

Existing Settings in HCBS Programs and Assessment Tool Review Process:

Rhode Island has implemented a three pronged approach to the assessment process. A provider self-assessment tool was developed using the CMS settings requirements compliance toolkit to initiate the process and will be further distributed to 100% of our settings.

Consumers, caregivers, providers, and all other stakeholders will continue to have input into the review process and identify areas that need to be strengthened for full compliance by March 2019.

The process is as follows:

1. The current Rhode Island statutes, regulations, certification standards, policies and other requirements for HCBS settings are being reviewed for compliance with federal regulations by the State team and key stakeholders. Start date for milestone is 1/25/2016 end date of 4/30/2016
2. Provider self-assessments are being used to identify areas of vulnerability.
3. Assessments will be completed by July 31, 2016 and will include consumer surveys, site visits, engaging advocacy group (ombudsman) licensing reviews and /or National Core Indicators to validate the assessment process. Consumer and advocacy groups have driven the discussion and process on the administration of the consumer surveys.

The on-site assessments will be completed by the State team when it is determined that the "paper survey process" did not provide a complete or accurate assessment of compliance. The State will use the consumer survey and the provider self-assessment information and go to the setting to further assess for compliance. Start date for milestone is 02/01/2015 with completion of 7/31/2016.

4. The State will have a grid that identifies each setting and the areas of vulnerability that need compliance. The State will use this grid to work with each setting for full compliance with the HCBS final rule.

This assessment process and final grid will allow the State to target technical assistance to providers who have been identified or have self-identified as in need of compliance assistance. As the State provides technical assistance and agencies move toward the work of their individual agency's transition plan, the team of assessors will track progress towards compliance with the final rule. The State will request action

plans from the settings for compliance based on the information logged into the grid being maintained by the State.

See Provider Self-Assessment Tools for Residential and Non-Residential Settings (p.32-45)

Updated Rhode Island's Statewide Transition Plan Matrix:

The following table describes The Executive Office of Health and Human Services comprehensive transition plan. The State's Transition Plan includes the following elements:

- Stakeholder review and Public Comment Process of Updated Transition Plan
- Assessment Process and Remediation
- Heightened Scrutiny and Remediation
- Plan and Remediation for changing statutes, regulations, certification standards and policies
- On Going Monitoring

Rhode Island HCBS Updated Transition Plan

Waiver	Item	Start Date	End Date	Sources	Key Stakeholders	Deliverable	Completed
1115	1. Stakeholder review and Public Comment Process of Updated Transition Plan	February 1, 2016	July 31, 2016	Comments and responses from state team meetings, Comments and responses from EOHHS Monthly Task Force meeting, EOHHS website, and response to postings Feb 2016	EOHHS, BHDDH, DOH, CPNRI, DCYF, DHS/DEA, ICI CAC, Sherlock Center, LeadingAge RI, RIALA, Advocates in Action, RI Developmental Disability Council, Long Term Care Coordinating Council ¹	Completion of updated transition plan with public comments by March 31, 2016	Updated transition Plan approved by CMS by July 31, 2016
	Milestones towards deliverable: 1) Updated transition plan to be posted electronically for public comment for 30 days at EOHHS Web site and Non-electronically posted in the Providence Journal newspaper by February 29, 2016. 2) All public comments will be reviewed, responded to and incorporated into the transition plan that will be submitted to CMS by March 31, 2016. 3) Updated Transition plan will be approved by CMS by July 31, 2016.						In process
1115	2. Assessment Process and Remediation	April 30, 2015	September 30, 2017	Comments and responses from EOHHS Monthly Task Force meeting, EOHHS website, E-mail and monthly Stakeholder meetings	EOHHS, BHDDH, DOH, CPNRI, DCYF, DHS/DEA, ICI CAC, Sherlock Center, RIALA, LeadingAge RI, Advocates in Action, RI Developmental Disability Council, Long Term Care Coordinating Council	Completion of the Assessment Process by July 31, 2016	In process

¹ “EOHHS” is the Rhode Island Executive Office of Health & Human Services; “BHDDH” is the Rhode Island Department of Behavioral Healthcare, Developmental Disabilities and Hospitals; “DOH” is the Rhode Island Department of Health; “CPNRI” is the Community Provider Network of Rhode Island; “DCYF” is the Rhode Island Department of Children Youth and Families; “DHS/DEA” is the Rhode Island Department of Human Services, Department of Elderly Affairs; “ICI CAC” is the Rhode Island Integrated Care Initiative Consumer Advisory Committee.

Waiver	Item	Start Date	End Date	Sources	Key Stakeholders	Deliverable	Completed
	Milestones towards deliverable: 1) On-going monthly state team meetings to review and disseminate all information to relevant stakeholders on the status of the assessment process. On-going until full compliance with Final Rule 2019. 2) All Provider Self assessments completed and validated, with evidence to support each question by July 31, 2016. 3) Initiation of Consumer Survey started in October 1 2015, with completion by July 31, 2016. 4) Developing database for aggregating data for review by January 31, 2016 in order to be able to analyze data after completion of assessment process, July 31 2016. 5) Analyzing data and provide each provider with areas of vulnerability that need remedial action by August 31, 2016. 6) Public Comment on assessment results and final submission to CMS by 9/30/16. 7) Initiate remediation strategy of action plans starting October 1, 2016. After the State has identified in each setting the areas for remediation, the State will allow 60 days for a plan to be submitted to the State for State review. The State will review and approve plans for remediation 90 days after receiving the plan. Periodic updates by the providers to the state team on progress to assure completed by September 30, 2017. State will provide technical assistance as needed for compliance.						
1115	3. Heightened Scrutiny and remediation	January 31, 2016	March 2019	Comments and responses to EOHHS Monthly Task Force meeting, EOHHS website, E-mail and non-electronic mail or distribution at Stakeholder meeting	EOHHS, BHDDH, DOH, CPNRI, DCYF, DHS/DEA, ICI CAC, Sherlock Center, LeadingAge RI, RIALA, Advocates in Action, RI Developmental Disability Council, Long Term Care Coordinating Council	Remediate all settings designated with Heightened Scrutiny by March 2019	In process
	Milestones towards deliverable: 1) State will notify each provider individually by January 31, 2016 if they must go through the Heightened Scrutiny Review process. Each setting will post the letter in the setting so Consumers are aware of the issue. 2) State will work with each designated setting to create a rebuttal portfolio and submit to CMS for review by May 31, 2016. 3) State will post electronically on the EOHHS HCBS web site and non-electronically in the Providence Journal for 30 day comment period, the addresses of those settings requiring Heightened Scrutiny. State will post after CMS approval of updated transition plan. Tentative date of 8/01/16 ending 9/01/16.						

Waiver	Item	Start Date	End Date	Sources	Key Stakeholders	Deliverable	Completed
	<p>4) State will record comments and make necessary changes to the updated transition plan, 9/1/2016-10/01/2016.</p> <p>5) Upon notification from CMS, State will notify facility of CMS determination. Those facilities deemed compliant by CMS will be removed from Heightened Scrutiny list. The State will work with those facilities that are still considered non-compliant to create a remediation plan or create a transition plan for those individuals receiving services within that setting. The State Team will work with all individual Heightened Scrutiny settings to develop and implement action plans starting October 1, 2016. The State will allow 60 days for a plan to be submitted to the State for State review. The State will review and approve plans for remediation 90 days after receiving the plan. Periodic updates by the providers to the state team on progress to assure compliance by January 15, 2018.</p> <p>6) If any setting remains out of compliance, the State will work with individuals in these setting to transition to a new setting that is integrated and is of the participant's choice. This process will begin on January 15, 2018.</p>						
1115	4. Plan and Remediation for changing statutes, regulations, certification standards and policies	February 1, 2015	March 17, 2019	State team does internal reviews of statutes, regulations and policies pertaining to all HCBS	State team, providers, advocacy groups and identified key stakeholders to review statutes, regulations and policies with providers input into statutes, regulations and policies with providers	All statutes, regulations and policies in compliance by March 2019	In Process
	<p>Milestones towards deliverable:</p> <p>1) A complete list/grid of regulations, policies, certification standards and statues that need remediation will be completed by January 30, 2016.</p> <p>2) The Grid will be provided to stakeholders by February 5, 2016 and posted on the HCBS website and be presented at the Stakeholder meeting January 25, 2016.</p> <p>3) The State will request comments and feedback to the list by February 19, 2016.</p> <p>4) The State will then compile a final grid/list statutes, regulations, certification standards and polices by April 30, 2016.</p> <p>5) By April 30, 2016, the State will provide stakeholders with proposed changes to each item on the list/grid for comments.</p>						

Waiver	Item	Start Date	End Date	Sources	Key Stakeholders	Deliverable	Completed
	6) The State will follow the rule making process and initiate rule changes by June 1, 2016. For each rule the State is required to provide a fiscal impact and description for the change. Rule changes may require public hearings prior to implementation. The State will prioritize each rule that requires public comment and follow until completion. The goal for completion of the rule making process is June 30, 2017. 7) For legislative rule changes, the State will initiate the process in June year 2016 with the goal for completion by June 30, 2017. 8) All certification standards and polices that require to be rewritten as remediation will be completed by June 30, 2017. Start date of 01/15/2016. 9) The monthly stakeholder meetings and HCBS will provide stakeholders and the public with updates with regulations that have been updated. 10) State team will monitor for compliance and remediation of the changing statutes, regulations, and certification standards and polices, starting June 30, 2017 and expect full compliance by March 2019.						
	5. On-going Monitoring	March 2019	On-going	State Team	State team		To be initiated March 2019 and be on-going
1115	Milestone towards deliverable: 1) The monitoring process past 2019 will consist of each Department including the HCBS final rules as part of their regulations and or certification agreements. As a result, as part of State auditing and licensing review, HCBS final rule will be embedded into each Department’s auditing, oversight and monitoring process. Start date is March 2019 and end date is on-going. 2) As part of the provider enrollment process and on-going monitoring, all new providers will be required to meet the new HCBS setting final rule at the time of enrolling to be a Medicaid provider. Start date of 7/31/2016- and edit date is ongoing.						

Areas of Vulnerability and Remedial Actions:

The State team initiated the provider self-assessment tool in February 2015, by sampling approximately 10% of all of the settings. This was done to provide feedback on the use of the tool and to provide the State and stakeholders with a preliminary overview of the settings. By July 31, 2016, the remaining 90% of the settings will have submitted their provider self-assessments. In addition, consumer surveys, site visits, engaging advocacy group (ombudsman), licensing reviews and/or National Core Indicator will be used to validate and complete the assessment process.

The State will provide an analysis of this sample and identify the areas that need remediation by August 31, 2016. More specifically, State will have a grid that identifies each setting and the areas of vulnerability that need compliance. The State will use this grid to work with each setting for full compliance with the HCBS final rule.

The analysis will be shared with each setting on the areas of vulnerability. Each setting will then have to submit an action plan to be reviewed by the State. The updated matrix of the transition plan provides the milestones toward the deliverable for full remediation. In summary, the goal is to initiate action plans from the providers starting October 1, 2016. The State will allow 60 days for a plan to be submitted to the State for State review. The State will review and approve plans for remediation 90 days after receiving the plan. Periodic updates to the state team on progress to assure completed by September 30, 2017. State will provide technical assistance as needed for compliance.

Department of Justice Consent Decree and Transition Plan:

The DOJ has very specific requirements as to how the Department of Behavioral Healthcare Developmental Disabilities and Hospitals (BHDDH) needs to restructure the current system, which does fall in line with the HCBS final rule. BHDDH has taken the DOJ mandates and done a crosswalk with CMS HCBS requirements to see if there were any areas of conflict upon the two different sets of requirements. No discrepancies have been identified.

In regards to day/employment programs, BHDDH also did a sample of surveys on all programs within their system. BHDDH is aware of the system changes that need to be made with regard to employment settings and the requirements of the DOJ. BHDDH has contracted with a quasi-state agency who is providing technical assistance with regards to the DOJ mandates. BHDDH is aware of which settings are not in compliance with the mandates of the DOJ and has begun working with the agencies within their system to provide assistance in becoming compliant.

The purpose of the Conversion Institute is defined in the Consent Decree. "The Sheltered Workshop Conversion Institute will be designed to assist qualified providers of sheltered workshops services to convert their employment programs to include Supported Employment Services. The Sheltered Workshop Conversion Institute will provide individual analysis, technical assistance, and support to each qualified provider of sheltered workshop services, and will ...support individual providers in a process of conversion and transformation of service options."

The functions of the Conversion Institute include:

- Information sessions
- Trainings and Dissemination
- Focus Groups to determine the needs of providers
- Facilitated application for Trust Fund dollars
- Targeted Training, Technical Assistance, Coaching and Mentoring
- Data Collection and Reporting

There are nine Sheltered Workshops in RI. All nine of them have submitted proposals for closing their sheltered workshops.

Although the main focus for the Conversion Institute is to assist providers with the closing/conversion of sheltered workshops for individuals with I/DD, there will also be technical assistance for providers to convert Facility based Day Programs into meaningful Integrated Day Services. The Consent Decree has mandated that individuals with I/DD are given the opportunity to be involved in Integrated Day activities during non-working times.

The State is providing agencies guidance and technical assistance related to Integrated Day Activities.

Heightened Scrutiny:

The State has identified a list of assisted living settings that meet Heightened Scrutiny as defined by the following criteria:

Settings that are presumed to be institutional in nature include:

- Settings located in a building that is also a publicly or privately operated facility that provides inpatient institutional treatment;
- Settings in a building on the grounds of, or immediately adjacent to, a public institution;
- Any other setting that has the effect of isolating individuals receiving Medicaid home and community-based services from the broader community of individuals not receiving Medicaid home and community-based services.

The State will notify each setting individually, as well as CMS, and provide the reason for requiring Heightened Scrutiny. The State will post the addresses of these facilities on the EOHHS HCBS web site and also non-electronically in the Providence Journal Newspaper. The State will allow 30 days to garner public feedback and comment. The Heightened Scrutiny process for remediation as identified through CMS guidance will be used to work with agencies to come into compliance with the Final Rule.

Relocating Beneficiaries:

The State does have a preliminary estimate on those who potentially can be relocated. It is our goal to initiate the CMS guidance on Heightened Scrutiny and work on compliance to eliminate this concern. Consumers in these settings will know of the issue of Heightened Scrutiny as the letter sent by the State to the setting will be posted in the setting.

The State is proposing a date that is 3 months less than that proposed by CMS as our goal is to minimize the number of recipients who need to transition, through intense work with providers to come into compliance. The States position is that facilities designated as heightened scrutiny will in fact meet the standards of the HCBS Rule. The number of individuals who might need to be transitioned is 65.

Any setting choosing not to continue as a Medicaid provider, the State will prioritize and meet with individuals and families to provide information on choice for care at other settings that meet the HCBS rule.

BHDDH has also been working with agencies to ensure compliance with the mandates of the Consent Decree and any concerns about relocating a beneficiary from a setting. Individuals in the adult developmental disabilities system always have a choice to transition to a new provider. If relocating a beneficiary does become an issue, transition protocols of notice and planning is made with the beneficiary and families to assure appropriate transition.

The day habilitation programs, including community based day program, supported employment and employment programs are all under the DOJ consent decree, there is no current need to offer any other type of relocation process for those beneficiaries.

Statements of Public Notice:

EOHHS hosted two public meetings on Thursday, April 30, 2015 and Tuesday, May 5, 2015 for comment on the transition plan. At these meetings attendees received a copy of the Transition Plan. Prior to the meetings, the following Public Notice was advertised statewide in the *Providence Journal* on April 15, 2015. This notice enabled the public to comment electronically and non-electronically to the transition plan until May 30, 2015.

Public notice was also made available through EOHHS Website (www.eohhs.ri.gov) and notification to the EOHHS task force on April 15, 2015. Public comment was available until May 30, 2015. Additionally, on April 14, 2015, the public was noticed via e-mail (i.e., the EOHHS' "interested parties" list, comprised of 389 colleagues and community members who have self-identified as interested in EOHHS matters). This notice contained the date, time, and place of both public meetings.

Finally, public notice of the May 5, 2015 public hearing was posted on the Rhode Island Secretary of State's website (www.sos.ri.gov) on April 30, 2015 in accordance with the requirements of the State's Open Meetings Act (Chapter 42-46 of the Rhode Island General Laws, as amended).

Below is the notification that was placed in the Providence Journal on **April 15, 2015**.

Official transcripts of both public meetings can be seen in Attachment B.

STATE OF RHODE ISLAND
EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES

NOTICE OF PUBLIC COMMENT

**Public Input into Transition Plan for Home and Community Based Services (HCBS) for the
Center of Medicare and Medicaid Services (CMS) Final Rule of January 2014**

The Executive Office of Health and Human Services is advertising for public comment on the proposed Transition Plan that will be submitted to the Center for Medicaid and Medicare Services no later than June 30, 2015.

In January 2014 the Centers for Medicare and Medicaid Services (CMS) issued a final rule regarding Medicaid-funded home and community based long-term services (HCBS). The rule requires that each state develop a Transition Plan for compliance with the new rule. Rhode Island is planning to submit their Transition Plan on June 30, 2015. That plan will propose June 30, 2019 as the date by which we will be compliant with the new requirements.

The summary of the intent of the Final Rule of January 2014 was to ensure that Medicaid HCBS services are provided to individuals in a setting that is integrated and supports full access to the community; is selected by the beneficiary; ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint, optimizes autonomy and independence in making life choices; facilitates individual choice regarding services and supports, and who provides them; and, where possible, the person leads the process of developing his or her service plan.

A public hearing will be held to consider the proposed Transition Plan on **Thursday, April 30, 2015 at 9:00 am at the Hewlett Packard 203 Conference room, 301 Metro Center Blvd., Warwick, RI 02886**. Persons wishing to testify and provide comments at the meeting may do so by signing up at the meeting or by submitting written comment by May 30, 2015, to Thomas G. Martin, Implementation Director, Executive Office of Health and Human Services, Louis Pasteur Building # 57, 57 Howard Avenue, Cranston, RI 02920, or via email Tom.martin@ohhs.ri.gov.

A copy of the Transition Plan can be obtained through the following means:

- 1) EOHHS website for Home and Community Based Services.

<http://www.eohhs.ri.gov/ReferenceCenter/HomeandCommunityBasedServices.aspx>

Scroll over to the Reference Center there is a clickable headline "Home and Community Based Services". A final version of the Transition Plan will be on the website.

- 2) Request a version by contacting:
Thomas G. Martin
Implementation Director
Executive Office of Health and Human Services
Louis Pasteur Bldg. #57, 57 Howard Avenue
Cranston, RI 02920
401-462-2596 Fax: 401-462-3677
E-mail: Tom.Martin@ohhs.ri.gov

Rhode Island HCBS Updated Transition Plan

The public hearing will begin at 9:00 am and will conclude when the last speaker finishes. The seating capacity of Hewlett Packard Conference room will be enforced and therefore the number of persons participating in the hearing may be limited at any given time by the hearing officer, in order to comply with safety and fire codes.

The Hewlett Packard building is accessible to individuals with disabilities. Individuals with hearing impairments may request an interpreter's presence by calling 711 or Relay RI 1-800-745-6575 (Voice) and 1-800-745-555 (TDD). Requests for this service must be made at least 72 hours in advance of the meeting date. Please refrain from wearing scented products to the meeting. What may seem to be a mild fragrance can constitute a toxic exposure for a person with an environmental illness. The Executive Office of Health and Human Services does not discriminate against individuals based on race, color, national origin, sex, gender identity or expression, sexual orientation, religious belief, political belief or handicap.

Elizabeth H. Roberts, Secretary
Signed this 31 day of March 2015

Summary of Public Comment
Home and Community Based Service CMS Final Rule 2014

June 19, 2015

Name of Respondent	Organization (if any)	Nature of the Comment	EOHHS' Response to Comment
Maureen Maigret	Policy Consultant Senior Agenda Coalition of RI	Sent by e-mail 4/15/15 Dear Tom, I reviewed the draft. As persons age 65 and over are significant users of assisted living and adult day programs, I would like to see it amended to specifically include the Senior Agenda Coalition of RI or another group working on aging policy, particularly as it relates to HCBS in the list of advocacy entities on pages 4-5.	4/15/15 EOHHS Response submitted by Tom Martin by email: Hi Maureen, Thanks for review of the Transition Plan. The plan sites those that are currently part of the State Team. If you would like one of these agencies to be part of the State Team, please let me know. We have been meeting twice a month on Mondays at 9am at Barry Hall in room 226. Our next meeting is 4/27/15.
Joanne Malise	Director Living Innovations/DD Shared Living Provider	Sent by e-mail on 4/17/2015 Dear Tom Thank you for sharing the information on the Rhode Island HCBS Transition Plan. I can see that much work went in to this document. I am writing about my concerns regarding Shared Living Arrangements (SLA) and having a "legally enforceable agreement". While I completely understand the need	4/27/15 EOHHS submitted by Tom Martin by email: Hi Joanne, We will review our policies and regulations on this issue. We will also seek technical assistance. We may ask to meet with you and other Shared Living Providers to vet the issue.

Name of Respondent	Organization (if any)	Nature of the Comment	EOHHS' Response to Comment
		<p>for such a protection for the people we serve, when it comes to SLA there is a special challenge. I will bullet the concerns</p> <ul style="list-style-type: none"> • By definition SLA is in the home of “another”. This means in the home of a person approved and qualified to be home provider (HP). • If a participant were to have a lease, one could argue that the Shared Living residence is their legal home while they are in residence. • If the residence is legally theirs, the SLA might no longer fall under Federal Internal Revenue Code: Sec. 131. Certain Foster Care Payments, making all stipends ineligible for tax free status <p>If the intent of the HCBS “legally enforceable agreement” is protection from eviction there are safeguards in place to address this potential vulnerability. Some of these safeguards are in BHDDH regulation and some are the best practice of this agency</p> <ul style="list-style-type: none"> • The Contract signed with independent contractors who are home providers (HP) states that a thirty (30) day notice must be given if they wish to end the SLA <ul style="list-style-type: none"> ○ In practice, most SLA’s continue until a new match is made with the participant • BHDDH Regulation 42.29 states that a Thirty (30) day notice must be given if the home provider wishes to move to a new residence. <ul style="list-style-type: none"> ○ In most cases the participant chooses to remain with their HP and moves to the new home • Each SLA participant in this agency signs an Adult Service Agreement that indicates their choice of this agency and their choice to live in this particular SLA. It also states that they can terminate the agreement with 24 hour notice but preferably give a thirty (30) day notice if they wish to move 	<p>Thanks,</p> <p>Tom</p>

Name of Respondent	Organization (if any)	Nature of the Comment	EOHHS' Response to Comment
		<ul style="list-style-type: none"> ○ In practice, anytime a person states that they feel unsafe they are immediately offered a respite home until such issue is resolved or a new match is made. ● BHDDH Regulation 42.15 states that a participant may be removed immediately if there is a threat to health or safety. How would a “lease” impact their ability to move freely? ● SLA HP’s are independent contractors and the contract can be terminated at any time, with or without cause. This is another safeguard measure. <p>Thank you for your time in reading this response.</p> <p>I am confident we can come up with a protection that is not a “lease”. I look forward to working with you</p> <p>Joanne</p>	
Jenifer Crosbie/Direct or of Government Relations	Senior Link Caregiver Homes	Submitted Public Document on May 5, 2015. (summary of comments and document) Rite@home model is inaccessible to Rhode Islanders who should be accessible. Current process, timeliness and requirements in Rhode Island place unnecessary burden on consumers and caregivers, delaying access to critical and cost-effective services and duplicating efforts of paid professional staff. Urge EOHHS to consider and recommend immediate solutions that take advantage of quality providers in the provider network to expedite access to, high quality, cost-effective- community based care.	<p>After review with State staff associated with the Caregiver Homes Program; EOHHS response submitted by Tom Martin by email:</p> <p>Hi Jenn,</p> <p>As part of the HCBS Transition Plan, the State is reviewing all rules and regulations for each program. We will review our current processes, timeliness and requirements in Rhode Island in order to assure access to critical services such as Caregiver Homes.</p>

H) Provider Self-Assessment Tools for Residential and Non-Residential Settings

CMS HCBS Community Rule: Assessment and Planning Tool for Settings

Residential Settings

In March, CMS finalized its HCBS Community Rule that defines and sets criteria for what constitutes a community setting for services delivered under the Home and Community Based Services Waiver Program (HCBS). The intent of the rule is to assure that individuals receiving long-term services and supports through HCBS programs have full access to the benefits of community living and the opportunity to receive services in integrated settings. The accompanying summary of the CMS Community Rule that provides more information and further context for the Community Rule may be found here: <http://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Long-Term-Services-and-Supports/Home-and-Community-Based-Services/Home-and-Community-Based-Services.html>

Rhode Island provides Medicaid-funded HCBS under the authority of an 1115 Waiver. While the final rule does not apply to states operating their HCBS under an 1115 Waiver, we support the intent of the rule and therefore will seek to comply with the requirements.

In order to meet the requirements of the new rule, states will need to develop a Transition Plan, “detailing any actions necessary to achieve or document compliance with setting requirements”. States will have up to 5 years to implement their stated plan.

An integral component of the transition plan is a self-assessment/plan of existing settings to determine how closely they currently comply or don’t comply with the Community Rule and if they don’t comply, what is needed in terms of a plan, over the next 5 years, to come into compliance.

Attached is a tool to assist you in conducting the residential setting self-assessment. Please answer each question (bold or bullet) with either “Yes” or “No” by checking the appropriate box. To help you answer the bold question, we have provided sub-questions (in a bulleted list) underneath each bold question. These bulleted questions are additional questions for you to answer and will help guide you to answer “Yes” or “No” to the bold question. Answer each and every question with a “Yes” or “No”.

Given the nature of your specific setting and given CMS guidance around settings that may not immediately comply with all aspects of the Community Rule, it may be more challenging to meet these requirements and be able to answer “Yes” to all bold and all bulleted questions. We assume, however, that you do aspire to achieve the outcomes articulated in the HCBS Community Rule over the next 5 years. So please be critical in your answers. We are not expecting you to answer “Yes” to every question.

Please complete and return then enclosed assessment by March 18, 2015.

Thank you for assistance!

To ensure that all community settings in which individuals receive a Medicaid Home and Community Based Service (HCBS) meet the spirit of the new CMS regulatory requirements, providers have been asked to assess their current settings and practices against the new requirements. CMS exploratory questions have been provided below to guide this assessment.

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
1. Is the setting integrated in and supportive of the same degree of access to the greater community for individuals whether or not they receive Medicaid HCBS?	Yes	No	Comments:
• Is the setting in a public or privately-owned facility that provides inpatient treatment?			
• Is the setting on the grounds of, or immediately adjacent to a publicly-funded healthcare institution?			
• Do individuals shop, attend religious services, schedules appointments, have lunch with family and friends, etc., in the community, as they choose?			
• Do individuals schedule his/her days of service and or arrival and departure times based on his or her preferences?			
• Do individuals in the setting have access to public transportation? If not, are other resources provided for the individual to access the broader community?			
• Does the setting offer opportunity for individuals to receive multiple types of services and activities OFF-site and not setting-operated, including day services, medical, behavioral and social/recreational services? (Note: If most of the individuals receive multiple types of services and activities ON-site, then answer "No" to this question.)			
• Is the setting in the community among other private residences, retail businesses?			
2. Does the setting provide opportunities to engage in community life?	Yes	No	Comments:
• Do individuals participate regularly in meaningful non-work activities in integrated community settings for the period of time desired by the individual?			

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
• Are individuals aware of or have access to materials to become aware of activities occurring outside of the setting?			
3. Is the individual employed or does the individual attend day services outside of the setting?	Yes	No	Comments:
• Do individuals work in an integrated community setting?			
• If an individual is of working age, are there activities with the individual to pursue work as an option?			
• If work is not a goal, do individuals participate in meaningful day activities outside the setting?			
4. Does the setting provide opportunities to control personal resources?	Yes	No	Comments:
• Do individuals have a checking or savings account or other means to control funds?			
• Do individuals have access to their funds?			
5. Does the setting ensure freedom from coercion and restraint?	Yes	No	Comments:
• Is information about filing a complaint posted in an obvious location and in an understandable format?			
• Are individual's comfortable discussing concerns?			
• Do individuals know how to make a complaint?			
6. Does the setting ensure dignity, and respect?	Yes	No	

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
• Are individuals, who need assistance with grooming, groomed as they desire?			Comments:
• Are individuals dressed in clothes that fit, are clean, and are appropriate for the time of day, weather, and preferences?			
• Does staff address individuals in the manner in which the person would like to be addressed as opposed to routinely addressing individuals as 'hon' or 'sweetie'?			
• Is informal (written and oral) communication conducted in a language that individuals understand?			
• Does staff talk to other staff about individual(s) with dignity and respect?			
• Does staff ensure that conversations about individuals occur privately and not within earshot of other persons living in the setting?			
7. Does the individual, or a person chosen by the individual, have an active role in the development and update of the individual's person-centered plan?	Yes	No	Comments:
• Is/are the individual/chosen representative(s) aware of how to schedule Person-Centered Planning meetings?			
• Can individuals and chosen representatives explain the process to develop and update their plan?			
• Were individuals present during their last planning meeting?			
• Did/does the planning meeting occur at a time and place convenient individuals to attend?			
8. Does the setting facilitate choices regarding services and supports and who provides them?	Yes	No	Comments:
• Are individuals given a choice of available options regarding where to live/receive services?			

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
• Were individuals given opportunities to visit other settings?			
• Does staff ask individuals about their needs and preferences?			
• Are individuals aware of how to make a service request?			
• Can individuals choose the provider or staff who render the services they receive?			
9. Does the setting optimize interaction, autonomy and independence in making life choices?	Yes	No	Comments:
• Are individuals given information to assist them to make informed decisions?			
• Are individuals learning skills to enable them to maximize independence?			
All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
10. Is there a legally enforceable agreement comparable to a lease?	Yes	No	Comments:
• Do individuals know their rights regarding housing and when they could be required to relocate?			
• Does the written agreement include language that provides protections to address eviction processes and appeals comparable to those provided under the jurisdiction's landlord tenant laws?			
11. Are there opportunities for individuals to have privacy?	Yes	No	Comments:

All questions must be answered.

Note: The answers to bulleted questions may help you answer the bold question leading each section.

<ul style="list-style-type: none"> Do staff or other residents always knock and receive permission prior to entering an individual's living space? 			
<ul style="list-style-type: none"> Can an individual have private visits with family and friends? 			
<ul style="list-style-type: none"> Is health information about individuals kept private? 			
<ul style="list-style-type: none"> Do individuals have a private cell phone, computer or other personal communication device or have access to a telephone or other technology device to use for personal communication in private at any time? 			
12. Do individuals have choice of roommates?	Yes	No	Comments:
<ul style="list-style-type: none"> Do individuals have their own bedroom? 			
<ul style="list-style-type: none"> If not, are individuals given a choice of a roommate? (Note: For individuals who room-share) 			
<ul style="list-style-type: none"> Do individuals know how to request a roommate change? 			
13. Do individuals have freedom to furnish their sleeping units?	Yes	No	Comments:
<ul style="list-style-type: none"> Are individual's personal items, such as pictures, books, and memorabilia are present and arranged as they desire? 			
<ul style="list-style-type: none"> Do the furniture, linens, and other household items reflect the individual's personal choices? 			
14. Do individuals have control over their schedules?	Yes	No	Comments:

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
• Do individual’s schedules vary from others in the same setting?			
• Do individuals have access to such things as a television, radio, and leisure activities that interest them and can they schedule such activities at their convenience?			
• Are individuals able to follow their own flexible (i.e., not set) schedule for waking, bathing, eating, exercising, activities, etc.?			
15. Are individuals able to have visitors at any time?	Yes	No	Comments:
• Are visitors welcomed and encouraged?			
• Is the furniture arranged as an individual prefers and does the arrangement encourage the comfort and conversation with visitors?			
16. Do individuals have access to food at any time?	Yes	No	Comments:
• Do individuals have a meal at the time and place of his/her choosing?			
• Can individuals request an alternative meal if desired?			
• Are snacks accessible and available anytime?			
• Can individuals sit in any seat in a dining area? (no assigned seats)			
• If an individual desires to eat privately, can s/he do so?			
17. Do the rooms have lockable entrance doors, with individuals and staff having keys as needed?	Yes	No	Comments:

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
• Can individuals close and lock the bedroom door?			
• Can individuals close and lock the bathroom door?			
18. Is the setting physically accessible to the individual?	Yes	No	Comments:
• Do individuals have full access to typical facilities in a home such as a kitchen, cooking facilities, dining area, laundry, and comfortable seating in the shared areas?			
• For those individuals who need supports to move about the setting as they choose, are supports provided, such as grab bars, seats in the bathroom, ramps for wheel chairs, viable exits for emergencies, etc.?			
• Does the setting ensure that there are no gates, Velcro strips, locked doors, or other barriers preventing individuals' entrance to or exit from certain areas of the setting?			
• Is the setting physically accessible and there are no obstructions such as steps, lips in a doorway, narrow hallways, etc., limiting individuals' mobility in the setting or if they are present are there environmental adaptations such as a stair lift or elevator to ameliorate the obstruction?			
• Are appliances accessible to individuals (e.g. the washer/dryer are front loading for individuals in wheelchairs)?			
• Are tables and chairs at a convenient height and location so that individuals can access and use the furniture comfortably?			
19. Are modifications of the setting requirements for an individual supported by an assessed need and justified in the person-centered plan?	Yes	No	Comments:
• Does documentation note if positive interventions and supports were used prior to any plan modifications?			
• Are less intrusive methods of meeting the need that were tried initially documented?			

All questions must be answered.

Note: The answers to bulleted questions may help you answer the bold question leading each section.

- Does the plan include a description of the condition that is directly proportional to the assessed need, data and information to support ongoing effectiveness of the intervention, time limits for periodic reviews to determine the ongoing necessity of the modification, informed individual consent, and assurance that the intervention will not cause the individual harm?

--	--	--

G) Appendix A-Provider Self-Assessment Tools for Residential and Non-Residential Settings

CMS HCBS Community Rule: Assessment and Planning Tool for Settings

Non-Residential Settings

In March, CMS finalized its HCBS Community Rule that defines and sets criteria for what constitutes a community setting for services delivered under the Home and Community Based Services Waiver Program (HCBS). The intent of the rule is to assure that individuals receiving long-term services and supports through HCBS programs have full access to the benefits of community living and the opportunity to receive services in integrated settings. The accompanying summary of the CMS Community Rule provides more information and further context for the Community Rule.

<http://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Long-Term-Services-and-Supports/Home-and-Community-Based-Services/Home-and-Community-Based-Services.html>

Rhode Island provides Medicaid-funded HCBS under the authority of an 1115 Waiver. While the final rule does not apply to states operating their HCBS under an 1115 Waiver, we support the intent of the rule and therefore will seek to comply with the requirements.

In order to meet the requirements of the new rule, states will need to develop a Transition Plan, “detailing any actions necessary to achieve or document compliance with setting requirements”. States will have up to 5 years to implement their stated plan.

An integral component of the transition plan is a self-assessment/plan of existing settings to determine how closely they currently comply or don’t comply with the Community Rule and if they don’t comply, what is needed in terms of a plan, over the next 5 years, to come into compliance.

Attached is a tool to assist you in conducting the non-residential setting self-assessment. Please answer each question (bold or bullet) with either “Yes” or “No” by checking the appropriate box. To help you answer the bold question, we have provided sub-questions (in a bulleted list) underneath each bold question. These bulleted questions are additional questions for you to answer and will help guide you to answer “Yes” or “No” to the bold question. Answer each and every question with a “Yes” or “No”.

Given the nature of your specific setting and given CMS guidance around settings that may not immediately comply with all aspects of the Community Rule, it may be more challenging to meet these requirements and be able to answer “Yes” to all bold and all bulleted questions. We assume, however, that you do aspire to achieve the outcomes articulated in the HCBS Community Rule over the next 5 years. So please be critical in your answers. We are not expecting you to answer “Yes” to every question.

Please complete and return then enclosed assessment by March 18, 2015.

Thank you for assistance!

To ensure that all community settings in which individuals receive a Medicaid Home and Community Based Service (HCBS) meet the new CMS regulatory requirements, providers have been asked to assess their current settings and practices against the new requirements. CMS exploratory questions have been provided below to guide this assessment.

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
1. Is the setting integrated in and supportive of the same degree of access to the greater community for individuals whether or not they receive Medicaid HCBS?	Yes	No	Comments:
• Is the setting in a public or privately-owned facility that provides inpatient treatment?			
• Is the setting on the grounds of, or immediately adjacent to a publicly-funded healthcare institution?			
• Do individuals shop, attend religious services, schedules appointments, have lunch with family and friends, etc., in the community, as the individual chooses?			
• Do individuals schedule his/her days of service and or arrival and departure times based on his or her preferences?			
• Do individuals in the setting have access to public transportation? If not, are other resources provided for the individual to access the broader community?			
• Does the setting offer opportunity for individuals to receive multiple types of services and activities OFF-site and not setting-operated, including day services, medical, behavioral and social/recreational services? (Note: If most of the individuals receive multiple types of services and activities ON-site, then answer "No" to this question.)			
• Is the setting in the community among other private residences, retail businesses?			
2. Does the setting provide opportunities to engage in community life?	Yes	No	Comments:
• Do individuals participate regularly in meaningful non-work activities in integrated community settings for the period of time desired by the individual?			

All questions must be answered.

Note: The answers to bulleted questions may help you answer the bold question leading each section.

<ul style="list-style-type: none"> • Are individuals aware of or do they have access to materials to become aware of activities occurring outside of the setting? 			
3. Is the individual employed or does the individual attend day services outside of the setting?	Yes	No	Comments:
<ul style="list-style-type: none"> • Do individuals work in an integrated community setting? 			
<ul style="list-style-type: none"> • If individuals are of working age, is there activity with the individual to pursue work as an option? 			
<ul style="list-style-type: none"> • If work is not a goal, do individuals participate in meaningful day activities outside the setting? 			
4. Does the setting provide opportunities to control personal resources?	Yes	No	Comments:
<ul style="list-style-type: none"> • Do individuals have a checking or savings account or other means to control funds? 			
<ul style="list-style-type: none"> • Do individuals have access to their funds? 			
5. Does the setting ensure freedom from coercion and restraint?	Yes	No	Comments:
<ul style="list-style-type: none"> • Is information about filing a complaint posted in an obvious location and in an understandable format? 			
<ul style="list-style-type: none"> • Are individual's comfortable discussing concerns? 			
<ul style="list-style-type: none"> • Do individuals know how to make a complaint? 			

All questions must be answered.

Note: The answers to bulleted questions may help you answer the bold question leading each section.

6. Does the setting ensure dignity, and respect?	Yes	No	Comments:
<ul style="list-style-type: none"> Are individuals who need assistance with grooming, groomed as they desire? 			
<ul style="list-style-type: none"> Are individuals dressed in clothes that fit, are clean, and are appropriate for the time of day, weather, and preferences? 			
<ul style="list-style-type: none"> Does staff address individuals in the manner in which the person would like to be addressed as opposed to routinely addressing individuals as 'hon' or 'sweetie'? 			
<ul style="list-style-type: none"> Is informal (written and oral) communication conducted in a language individuals understand? 			
<ul style="list-style-type: none"> Does staff talk to other staff about individual(s) with dignity and respect? 			
<ul style="list-style-type: none"> Does staff ensure that conversations about individuals occur privately and not within earshot of other persons in the setting? 			
7. Does the individual, or a person chosen by the individual, have an active role in the development and update of the individual's person-centered plan?	Yes	No	Comments:
<ul style="list-style-type: none"> Is/are the individual/chosen representative(s) aware of how to schedule Person-Centered Planning meetings? 			
<ul style="list-style-type: none"> Can individuals and chosen representatives explain the process to develop and update their plan? 			
<ul style="list-style-type: none"> Were individuals present during their last planning meeting? 			
<ul style="list-style-type: none"> Did/does the planning meeting occur at a time and place convenient for individuals to attend? 			

All questions must be answered.			
Note: The answers to bulleted questions may help you answer the bold question leading each section.			
8. Does the setting facilitate choices regarding services and supports and who provides them?	Yes	No	
• Are individuals given a choice of available options regarding where to receive services?			
• Are individuals given opportunities to visit other settings?			
• Does staff ask individuals about their needs and preferences?			
• Are individuals aware of how to make a service request?			
• Can an individual choose the provider or staff who render the services s/he receives?			
9. Does the setting optimize interaction, autonomy and independence in making life choices?	Yes	No	Comments:
• Are individuals given information to assist them to make informed decisions?			
• Are individuals learning skills to enable them to maximize independence?			
9. Is health information about individuals kept private?	Yes	No	Comments:
10. Is the setting physically accessible to individuals?	Yes	No	Comments:
• For those individuals who need supports to move about the setting as they choose, are supports provided, such as grab bars, seats in the bathroom, ramps for wheel chairs, viable exits for emergencies, etc.?			

All questions must be answered.

Note: The answers to bulleted questions may help you answer the bold question leading each section.

<ul style="list-style-type: none"> Does the setting ensure that there are no gates, Velcro strips, locked doors, or other barriers preventing individuals' entrance to or exit from certain areas of the settings? 			
<ul style="list-style-type: none"> Is the setting physically accessible and there are no obstructions such as steps, lips in a doorway, narrow hallways, etc., limiting individuals' mobility in the setting or if they are present are there environmental adaptations such as a stair lift or elevator to ameliorate the obstruction? 			
<ul style="list-style-type: none"> Are tables and chairs at a convenient height and location so that individuals can access and use the furniture comfortably? 			
<ul style="list-style-type: none"> Are modifications of the setting requirements for an individual supported by an assessed need and justified in the person-centered plan? 			
<ul style="list-style-type: none"> Does documentation note if positive interventions and supports were used prior to any plan modifications? 			
<ul style="list-style-type: none"> Are less intrusive methods of meeting the need that were tried initially documented? 			
11. Does the plan include a description of the condition that is directly proportional to the assessed need, data and information to support ongoing effectiveness of the intervention, time limits for periodic reviews to determine the ongoing necessity of the modification, informed individual consent, and assurance that the intervention will not cause the individual harm?	Yes	No	Comments:

Attachment A

Core and Preventive Home and Community-based Service Definitions CORE SERVICES

Homemaker: Services that consist of the performance of general household tasks (e.g., meal preparation and routine household care) provided by a qualified homemaker, when the individual regularly responsible for these activities is temporarily absent or unable to manage the home and care for him or herself or others in the home. Homemakers shall meet such standards of education and training as are established by the State for the provision of these activities.

Environmental Modifications (Home Accessibility Adaptations): Those physical adaptations to the home of the member or the member's family as required by the member's service plan, that are necessary to ensure the health, welfare, and safety of the member or that enable the member to attain or retain capability for independence or self-care in the home and to avoid institutionalization, and are not covered or available under any other funding source. A completed home assessment by a specially trained and certified rehabilitation professional is also required. Such adaptations may include the installation of modular ramps, grab-bars, vertical platform lifts and interior stair lifts. Excluded are those adaptations that are of general utility, and are not of direct medical or remedial benefit to the member. Excluded are any re-modeling, construction, or structural changes to the home, i.e. (changes in load bearing walls or structures) that would require a structural engineer, architect and/or certification by a building inspector. Adaptations that add to the total square footage of the home are excluded from this benefit. All adaptations shall be provided in accordance with applicable state or local building codes and prior approved on an individual basis by the EOHHS Office of Long Term Services and Supports is required. Items should be of a nature that they are transferable if a member moves from his/her place of residence.

Special Medical Equipment: Specialized Medical Equipment and supplies to include Ceiling or Wall Mounted Patient Lift, Track System, tub slider system, rolling shower chair and/or Automatic Door Opener, which enable a member to increase his/her ability to perform activities of daily living, including such other durable and non-durable medical equipment not available under the Medicaid-funded primary and acute care system that is necessary to address participant functional limitations. Items reimbursed with waiver funds are in addition to any medical equipment and supplies furnished under the Medicaid-funded primary and acute care system and exclude those items that are not of direct medical or remedial benefit to the member. Medical equipment funded under the primary and acute care system includes items such as wheel chairs, prosthetics, and orthotics. These services that were provided under the authority of the Rhode Island State Plan prior to the 1115 Waiver approval. These items are still available under the 11115 Waiver and are described on the EOHHS website. All items shall meet applicable standards of manufacture, design and installation. Provision of Special Medical Equipment requires prior approval on an individual basis by the EOHHS, Office of Long Term Services and Supports and a home assessment completed by a specially trained and certified rehabilitation professional. Items should be of a nature that they are transferable if a member moves from his/her place of residence. Excluded are any re-modeling, construction, or structural changes to

the home, (i.e. changes in load bearing walls or structures) that would require a structural engineer, architect and/or certification by a building inspector.

Minor Environmental Modifications: Minor modifications to the home may include grab bars, versa frame (toilet safety frame), handheld shower and/or diverter valve, raised toilet seats, and other simple devices or appliances, such as eating utensils, transfer bath bench, shower chair, aids for personal care (e.g., reachers), and standing poles to improve home accessibility adaption, health, or safety.

Meals on Wheels (Home Delivered Meals): The delivery of hot meals and shelf staples to the waiver recipient's residence. Meals are available to an individual who is unable to care for his/her nutritional needs because of a functional dependency/disability and who requires this assistance to live in the community. Meals provided under this service will not constitute a full daily nutritional requirement. Meals must provide a minimum of one-third of the current recommended dietary allowance. Provision of home delivered meals will result in less assistance being authorized for meal preparation for individual participants, if applicable.

Personal Emergency Response (PERS): PERS is an electronic device that enables certain individuals at high risk of institutionalization to secure help in an emergency. The individual may also wear a portable "help" button to allow for mobility. The system is connected to the individual's phone and programmed to signal a response center once a "help" button is activated. Trained professionals staff the response center, as specified by Center for Adult Health contract standards. This service includes coverage for installation and a monthly service fee. Providers are responsible to insure the upkeep and maintenance of the devices/systems.

LPN Services (Skilled Nursing): Licensed Practical Nurse services provided under the supervision of a Registered Nurse. Licensed Practical Nurse Services are available to participants who require interventions beyond the scope of Certified Nursing Assistant (C.N.A.) duties. LPN services are provided in accordance with the Nurse Practice Act under the supervision of a registered nurse. This service is aimed at individuals who have achieved a measure of medical stability despite the need for chronic care nursing interventions. Individuals are assessed by a Registered Nurse (RN) in the EOHHS, Office of Community Programs.

Community Transition Services: Community Transition Services are non-recurring set-up expenses for individuals who are transitioning from an institutional or another provider-operated living arrangement to a living arrangement in a private residence where the individual is directly responsible for his or her own living expenses. Allowable expenses are those necessary to enable an individual to establish a basic household; these expenses do not constitute room and board and may include: security deposits that are required to obtain a lease on an apartment or home, essential household furnishings, and moving expense, set-up fees or deposits for utility or service access, services necessary for the individual's health and safety and activities to assess need, arrange for, and procure needed resources. Community Transition Services are furnished only to the extent that the services are reasonable and necessary as determined through the service plan development process, the services are clearly identified in the service plan, and the individual is unable to meet such expense or the services cannot be obtained from other sources.

The services do not include ongoing shelter expenses, food, regular utility charges, household appliances or items intended for recreational purposes.

Residential Supports: Assistance with acquisition, retention, or improvement in skills related to activities of daily living, such as personal grooming and cleanliness, bed making and household chores, eating and the preparation of food, and the social and adaptive skills necessary to enable the individual to reside in his/her own home and a non-institutional setting. Payments for residential habilitation are not made for room and board, the cost of facility maintenance (where applicable), or upkeep and improvement.

Day Supports: Assistance with acquisition, retention, or improvement in self-help, socialization and adaptive skills. Day supports focus on enabling the individual to attain or maintain his/her maximum functioning level, and are coordinated with any other services identified in the person's individual plan.

Supported Employment: Includes activities needed to sustain paid work by individuals receiving waiver services, including supervision, transportation and training. When supported employment services are provided at a work site in which persons without disabilities are employed, payment will be made only for the adaptations, supervision, and training required by an individual receiving waiver services as a result of his/her disabilities, and will not include payment for the supervisory activities rendered as a normal part of the business setting.

Supported Living Arrangements: Personal care and services, homemaker, chore, attendant care, companion services, and medication oversight (to the extent permitted under state law) provided in a private home by a principal care provider who lives in the home. Supported Living Arrangements are furnished to adults who receive these services in conjunction with residing in the home. Separate payment will not be made for homemaker or chore services furnished to an individual receiving Supported Living Arrangements, since these services are integral to and inherent in the provision of adult foster care services.

Private Duty Nursing: Individual and continuous care (in contrast to part time or intermittent care) provided by licensed nurses within the scope of state law and as identified in the Individual Service Plan (ISP). These services are provided to an individual at home and require an assessment to be completed by a Registered Nurse (RN) from the Office of Community Programs.

Supports for Consumer Direction (Supports Facilitation): Focuses on empowering participants to define and direct their own personal assistance needs and services; guides and supports, rather than directs and manages, the participant through the service planning and delivery process. The Facilitator counsels, facilitates, and assists in development of an ISP which includes both paid and unpaid services and supports designed to allow the participant to live in the home and participate in the community. A back-up plan is also developed to assure that the needed assistance will be provided in the event that regular services identified in the Individual Service Plan are temporarily unavailable.

Participant Directed Goods and Services: Participant Directed Goods and Services are services, equipment, or supplies not otherwise provided through this waiver or through the Medicaid state plan that address an identified need, that are in the approved ISP (including improving and maintaining the individual's opportunities for full membership in the community), and that meet the following requirements: the item or service would decrease the need for other Medicaid services; AND/OR the item or service would promote inclusion in the community; AND/OR the item or service would increase the individual's ability to perform ADLs or IADLs; AND/OR the item or service would increase the person's safety in the home environment; AND alternative funding sources are not available. Individual Goods and Services are purchased from the individual's self-directed budget through the fiscal intermediary when approved as part of the ISP. Examples include a laundry service for a person unable to launder and fold clothes or a microwave for a person unable to use a stove due to his/her disability. This will not include any good/service that would be restrictive to the individual or strictly experimental in nature.

Case Management: Services that assist participants in gaining access to needed waiver and other state plan services, as well as needed medical, social, educational, and other services, regardless of the funding source for the services to which access is gained. Case managers are responsible for ongoing monitoring of the provision of services included in the individual's plan of care. Case managers initiate and oversee the process of assessment and reassessment of the individual's level of care and review of plans of care on an annual basis and when there are significant changes in client circumstances.

Senior Companion (Adult Companion Services): Non-medical care, supervision, and socialization provided to a functionally impaired adult. Companions may assist or supervise the participant with such tasks as meal preparation, laundry, and shopping. The provision of companion services does not entail hands-on nursing care. Providers may also perform light housekeeping tasks, which are incidental to the care and supervision of the participant. This service is provided in accordance with a therapeutic goal in the service plan of care.

Assisted Living: Personal care and services, homemaker, chore, attendant care, companion services, medication oversight (to the extent permitted under state law), therapeutic social and recreational programming, provided in a home-like environment in a licensed community care facility in conjunction with residing in the facility. This service includes 24-hour on-site response staff to meet scheduled or unpredictable needs in a way that promotes maximum dignity and independence, and to provide supervision, safety and security. Other individuals or agencies may also furnish care directly, or under arrangement with the community care facility; but the care provided by these other entities supplements that provided by the community care facility and does not supplant it.

Personalized care is furnished to an individual who resides in his/her own living units (which may include dually occupied units when both occupants consent to the arrangement) which may or may not include kitchenette and/or living rooms, and which contain bedrooms and toilet facilities. The consumer has a right to privacy. Living units may be locked at the discretion of the consumer, except when a physician or mental health professional has certified in writing that the consumer is sufficiently cognitively impaired as to be a danger to self or others if given the

opportunity to lock the door. (This requirement does not apply where it conflicts with fire code.) Each living unit is separate and distinct from each other unit. The facility must have a central dining room, living room, or parlor, and common activity center(s) (which may also serve as living room or dining room). The consumer retains the right to assume risk, tempered only by the individual's ability to assume responsibility for that risk. Care must be furnished in a way which fosters the independence of each individual to facilitate aging in place. Routines of care provision and service delivery must be consumer-driven to the maximum extent possible, and must treat each person with dignity and respect. Costs of room and board are excluded from payments for assisted living services.

Personal Care Services: Personal Care Services provide direct support in the home or community to an individual in performing Activities of Daily Living (ADL) tasks that he/she is functionally unable to complete independently due to disability. Personal Care Services may be provided by:

1. A Certified Nursing Assistant which is employed under a State licensed home care/home health agency and meets such standards of education and training as are established by the State for the provision of these activities.
2. A Personal Care Attendant via Employer Authority under the Self Direction option.

Respite: Respite can be defined as a service provided to a participant unable to care for himself/herself that is furnished on a short-term basis because of the absence or need for relief of those persons who normally provide care for the participant. Respite services will be recommended and approved by EOHHS, Office of Long Term Services and Supports.

PREVENTIVE SERVICES:

Homemaker: Services that consist of the performance of general household tasks (e.g., meal preparation and routine household care) provided by a qualified homemaker, when the individual regularly responsible for these activities is temporarily absent or unable to manage the home and care for him/herself or others in the home. Homemakers shall meet such standards of education and training as are established by the State for the provision of these activities.

Minor Environmental Modifications: Minor modifications to the home may include grab bars, versa frame (toilet safety frame), handheld shower and/or diverter valve, raised toilet seats, and other simple devices or appliances, such as eating utensils, transfer bath bench, shower chair, aids for personal care (e.g., reachers), and standing poles to improve home accessibility adaption, health, or safety.

Physical Therapy Evaluation and Services: Physical therapy evaluation for home accessibility appliances or devices by an individual with a state-approved licensing or certification. Preventive physical therapy services are available prior to surgery if evidence-based practice has demonstrated that the therapy will enhance recovery or reduce rehabilitation time.

Respite Services: Temporary caregiving services given to an individual unable to care for himself/herself that is furnished on a short-term basis because of the absence or need for relief of those persons normally providing the care for the participant. Respite services will be recommended and approved by EOHHS, Office of Long Term Services and Supports.

Personal Care Services: Personal Care Services provide direct hands on support in the home or community to an individual in performing Activity of Daily Living (ADL) tasks that he/she is functionally unable to complete independently due to disability. Personal Care Services may be provided to an individual by:

1. A Certified Nursing Assistant which is employed under a State licensed home care agency and meets such standards of education and training as are established by the State for the provision of these activities.

HABILITATIVE SERVICES:

Residential habilitation is individually tailored supports that assist with the acquisition, retention, or improvement in skills related to living in the community. These supports include adaptive skill development, assistance with activities of daily living, community inclusion, transportation, adult educational supports, and social and leisure skill development, that assist the participant to reside in the most integrated setting appropriate to his/her needs. Residential habilitation also includes personal care and protective oversight and supervision.

Payment is not to be made for the cost of room and board, including the cost of building maintenance, upkeep and improvement.

Day habilitation is provision of regularly scheduled activities in a non-residential setting, separate from the participant's private residence or other residential living arrangement, such as assistance with acquisition, retention, or improvement in self-help, socialization and adaptive skills that enhance social development and develop skills in performing activities of daily living and community living.

Activities and environments are designed to foster the acquisition of skills, building positive social behavior and interpersonal competence, greater independence and personal choice. Services are furnished consistent with the participant's person-centered plan. Meals provided as part of these services shall not constitute a "full nutritional regimen" (3 meals per day).

Day habilitation services focus on enabling the participant to attain or maintain his or her maximum potential and shall be coordinated with any needed therapies in the individual's person-centered services and supports plan, such as physical, occupational, or speech therapy.

4	CHAPTERS 40-6, 40-8 AND 42-7.2	6
5	PROPOSED TRANSITION PLAN	6

(COMMENCED AT 9:06 A.M.)

THE HEARING OFFICER:

So, welcome. We are here today regarding a public hearing concerning Rhode Island's Transition Plan related to the Centers for Medicare and Medicaid Services, Home and Community-based Services Rule.

This hearing is being conducted under the provisions of Chapter 40-6, 40-8, 42-7.2 and 42-35 of the Rhode Island General Laws, as amended. Today is Thursday, April 30, 2015. My name is Thomas Martin, and I will be the Hearing Officer for today's proceeding.

Before we start, and so as not to interrupt the proceedings, I would like to ask that those of you with cell phones, pagers and watch alarms to turn them off at this time.

The purpose of the hearing today to comment on the proposed Transition Plan. This hearing is intended for your participation only and is not intended as a means of providing a forum for discussing, debating, arguing, or otherwise having any dialogue on the record with the Members of The Executive Office of Health and Human Services.

If you care to speak, the procedure we will use is as follows:

One, register at the side of the room.

Two, speakers will be taken in order of registration.

Three, five minutes will be allowed for your presentation, unless the lack of speakers allows for additional time.

Four, when you are called:

- A) come to the podium, to the front of room.
- B) identify yourself by name and affiliation, if there is any.
- C) make your presentation.
- D) if you have a written copy of your statement, we would appreciate having that

for the record.

After the time has elapsed for submission of written commentary, the Executive Office of Health and Human Services has three options under State law.

The first option is to file as is with the Federal Centers for Medicare and Medicaid Services, known as CMS.

The second option is to file with minor changes, examples, spelling and punctuation. The third option, make major changes in what you see before you today, which would necessitate a new public hearing.

If there aren't any questions about how the public hearing will be conducted, at this time, for the record, we will have a presentation of the exhibits that will go into the record.

Exhibit 1 is a Notice of Public Comment signed by Elizabeth H. Roberts, Secretary of the Executive Office of Health and Human Services on March 31, 2015.

(EXHIBIT 1, NOTICE OF PUBLIC COMMENT, MARKED)
THE HEARING OFFICER:

The second exhibit is the confirmation of placement as a legal notice in the Providence Journal on April 1, 2015, from Mary Beth Garlick of the Providence Journal.

That's Exhibit 2. (EXHIBIT 2, LEGAL NOTICE, MARKED)
THE HEARING OFFICER:

Exhibit 3 is advanced Notice of Public Hearing sent via electronic mail to the Rhode Island Executive Office of Health and Human services, interested parties list, on April 14, 2015.

(EXHIBIT 3, NOTICE OF PUBLIC HEARING TO INTERESTED PARTIES, MARKED)
THE HEARING OFFICER:

Exhibit 4 is a copy of Chapters 40-6, 40-8 and 42-7.2 Of the Rhode Island General Laws, as amended.

(EXHIBIT 4, CHAPTERS 40-6, 40-8 AND 42-7.2, MARKED)
THE HEARING OFFICER:

Exhibit 5 is a copy of the proposed Transition Plan to Implement the Settings Requirements for Home and Community-based Services CMS Final Rule, January, 2014.

(EXHIBIT 5, PROPOSED TRANSITION PLAN, MARKED)
THE HEARING OFFICER:

According to the sign-in sheet, we don't have anybody who would like to speak. I'm asking if anybody does want to speak at this time; the opportunity does present itself?

(PAUSE)

THE HEARING OFFICER:

Is there any persons here present who would like to make a statement concerning the proposed Transition Plan?

(PAUSE)

THE HEARING OFFICER:

The submission of any written commentary on the proposed Transition Plan will be accepted until the close of business on Friday, March 29, 2015 -- May 29, 2015.

If there are no other comments, thank you for your attendance, and the hearing is now closed.

(HEARING CLOSED AT 9:12 A.M.)

(COMMENCED AT 4:16 P.M.)

THE HEARING OFFICER: Welcome.

We are here today regarding a public hearing concerning Rhode Island's Transition Plan related to the Centers for Medicare and Medicaid Services, Home Community-based Services Rule. The hearing is being conducted under the provisions of Chapters 40-6, 40-8, 42-7.2, 42-35 and of the Rhode Island General Laws, as amended.

THE HEARING OFFICER:

Today is Tuesday, May 5, 2015. My name is Thomas Martin, and I will be the Hearing Officer for today's proceeding.

Before we start, and so as not to interrupt the proceedings, I would like to ask that those of you with cell phones, pagers, and watch alarms to turn them off at this time. The purpose of the hearing today is to afford interested parties an opportunity to comment on the proposed Transition Plan.

This hearing is intended for your participation only. It is not intended as a means of providing a forum for discussing, debating, arguing or otherwise having any dialogue on the record with Members of the Executive Office of Health and Human Services. If you care to speak, the procedure we will use is as follows:

One, register at the side of the room.

Two, speakers will be taken in order of registration.

Three, five minutes will be allowed for your presentation, unless the lack of speakers allows for additional time.

Four, when you are called, come to the desk at the front of the room. B, identify yourself by name and affiliation, if any. C, make your presentation. D, if you have a written copy of your statement, we would appreciate having that for the record.

After the time has elapsed for submission of written commentary, the Executive Office of Health and Human Services has three options under State law. First option, file as is with the Federal Centers for Medicare and Medicaid Services, CMS.

Second option, file with minor changes. Example, spelling, punctuation. Third option, make major changes in what you see before you today, which would necessitate a new public hearing.

Are there any questions on how the public hearing will be conducted today?

(PAUSE)

THE HEARING OFFICER:

If not, at this time, for the record, we will have a presentation of the exhibits.

Exhibit 1 is a Notice of Public Comment posted on the Executive Office of Health and Human Services web site on April 15, 16 2015.

(EXHIBIT 1, NOTICE OF PUBLIC COMMENT, MARKED)

THE HEARING OFFICER:

Exhibit 2 is an electronic confirmation of posting on The Rhode Island Secretary of State's web site on April 30, 2015, under the provisions of Rhode Island General Laws 42-46.

(EXHIBIT 2, ELECTRONIC AD, MARKED)

THE HEARING OFFICER:

Exhibit 3, advanced notice of public hearing sent via electronic mail from the Rhode Island Executive Office of Health and Human Services, Interested Parties List, on April 14, 2015.

EXHIBIT 3, NOTICE OF PUBLIC HEARING SENT TO INTERESTED PARTIES LIST, MARKED)

THE HEARING OFFICER:

A copy of Chapters -- Exhibit 4, a copy of Chapters 40-6, 40-8 and 42-72 of the Rhode Island General Laws, as amended.

(EXHIBIT 4, CHAPTERS 40-6, 40-8 AND 42-72 OF THE R.I. GENERAL LAWS, AS AMENDED, MARKED)

THE HEARING OFFICER:

Exhibit 5, a copy of the proposed Transition Plan to Implement the Settings Requirement for Home Community-based Services, CMS, Final Rule, January, 2014.

(EXHIBIT 5, PROPOSED TRANSITION PLAN)

THE HEARING OFFICER: At this time, I would like to call the first speaker. Jennifer Crosby. MS. CROSBY: I'm not going -- my name is Jennifer Crosby. I work with Senior Link, the parent organization of Care Givers Homes, which is a supportive living arrangement provider here in Rhode Island. I work in government relations for Senior Link and address and access other states that are also providing this service.

Care Givers Homes, we operate supportive living-like arrangement services in five other states, Massachusetts Connecticut, Ohio, Indiana, and newest Louisiana and we will be operating in Texas by the end of calendar year 2015. My comments today have been submitted for the record.

My speaking comments are in regards to the five states, the five other states in which we operate, excluding Rhode Island. We have been, supportive living services have been deemed compliant with the HCBS Final Rule, and Rhode Island is the one state thus far to require providers' self-assessments of shared living or supportive living arrangement-like services. While the service here in Rhode Island is fully implemented and operational and has been since 2010, it still remains largely inaccessible to many Rhode Islanders. Some of that is due to the lengthy enrollment process. Consumers on average take about three to nine months to enroll in the program or some withdraw their application based on the length of time it requires to enroll. Other states that we operate in --

Rhode Island HCBS Transition Plan

Rhode Island also has the most restrictive requirements allowing only one consumer to be served at a time. So, families where daughters and sons are caring for both mom and dad are disallowed to participate in the program and receive care-giver support through care teams, RN's and managers. So, as a fully compliant home and community-based service through this HGBS Final Rule, supportive living arrangements provide a 24-hour benefit at roughly half the cost of a nursing facility stay and is a useful tool in all the states in which we operate to rebalance their long-term care expenditures. My comments, my spoken comments here today are to urge the State to identify efficiencies and programmatic changes to allow more Rhode Islanders to access right at home services which are the supportive living arrangement services authorized under the 1115 waiver. Thank you.

THE HEARING OFFICER: Thank you.

Are there any other persons here present who would like to make a statement concerning the proposed Transition Plan?

(PAUSE)

THE HEARING OFFICER: If not, this submission of any written commentary and proposed Transition Plan will be accepted until the close of business on Friday, May 29, 2015.

If there's not any other comments, we thank you for your attendance. We will still stay around a little bit longer for anybody else that comes in for comments. Thank you.

(OFF THE RECORD FROM 4:26 to 5:58 P.M.)

THE HEARING OFFICER: This hearing is officially closed. Thank you.

(HEARING CLOSED AT 5:58 P.M.)

IN RE: PUBLIC HEARING IN RE: TRANSITION PLAN

Notice of Public Comment

Public Input into Transition Plan for Home and Community Based services (HCBS) for the Center of Medicare and Medicaid Services (CMS) Final Rule of January 2014

The Executive Office of health and Human Services is adverting for public comments on the proposed updated Transition plan that will be submitted no later than March 31, 2016. The public comment period is March 1 through March 31,2016

In January 2014 the Centers for Medicare and Medicaid Services (CMS) issued a final rule regarding Medicaid funded home and community based long term services (HCBS). The rule requires that each state develop a Transition Plan for compliance with the new rule. Rhode Island is planning to submit an updated transition plan on March 1st 2016. The plan proposes that June 30, 2019 as the date the state will be compliant will the new requirements.

The summary of the Intent of the Final Rule of January 2014 was to ensure that Medicaid HCBS services are provided to individuals in a setting that is **integrated** and supports full access to the community; is selected by the beneficiary; ensures an **individual's rights** of privacy, dignity, and respect, and freedom from coercion and restraint , optimizes autonomy and independence in making **life choices; facilitates individual choice** regarding services and supports, and who provides them: and where possible , the person leads the process of developing his or her service plan.

The original transition plan and any updates can be obtained through the following means:

- 1. EOHHS website for Home and Community Based Services, <http://eohhs.ri.gov/ReferenceCenter/HomeandCommunityBasedServices.aspx> ~~Scroll over to the Reference Center where there is a clickable headline "Home and Community Based Services."~~ The original plan and all updates are there. The most recent addition is dated 3/1/2016.

- 2. Request a version by contacting:
Linnea Tuttle
Chief, Health Systems Development
Executive Office of Health and Human Services
Hazard Building 74 West Road
Cranston, RI 02920
401-462-6278 Fax: 401-462-4266
E-Mail:Linnea.Tuttle@ohhs.ri.gov

In accordance with the Rhode Island General Laws 42-35-3, an oral hearing will be granted on the proposed State Transition Plan if requested by twenty-five (25) persons, an agency, or by an association having at least twenty-five (25) members. A request for an oral hearing must be made within thirty (30) days of this notice.

Interested persons should submit data, views, or written comments by March 31,2016, to Linnea Tuttle Executive Office of Health and Human Services, 57 Howard Avenue, Cranston, RI, 02920, or Linnea.Tuttle@ohhs.ri.gov.
