

FVV Request form

Only request an FVV device when:

- The recipient does not have a home phone (land line) or cell phone that can be used for home health service providers to call-in and call-out at the beginning and end of each home health visit
 - Recipient has an active authorization valid for at least two weeks from the date you request the FVV device
 - Recipient has an Active Status in the application

Once completed please email securely to Steven.Corvese@ohhs.ri.gov .
