

Accessing GPS Maps via...

GPS maps are used to confirm the location of caregivers using a Mobile Visit Verification (MVV) device when providing services.

Santrax

To access: Click **GPS Map** from the top menu bar.

Santrax® Agency Management

To access: Click **Scheduling > Santrax > GPS Map**

Santrax Maintenance

You can also access the map directly from your Maintenance screen in either system.

1. Use the Search Filters to locate the desired schedule.
2. Click the visit's mobile phone icon located in the **View** column.

Client	Employee	View	Date	Sch Start	Sch End	Sch Hrs	Call Start	Call End
Robertson, Robert	Kid, Jas		Mon 09/14	16:25	16:35	00:10	17:22	18:08
Rubin, Morris	Verd, Jos		Mon 09/14	11:00	11:30	00:30	11:14	11:31

3. Click **Client Map View** in the pop up window.

Map Filters

The GPS Map screen allows you to filter your map information by:

- **Status:** Scheduled, GPS Exception, No GPS Exception, In Progress
- **Visit:** Exact visit with patient and employee
- **Visit Date:** All visits for selected date
- **Employee:** All visits by a specific employee
- **Client:** All visits by a specific patient

The screenshot shows the 'GPS Map' interface with a breadcrumb trail 'GPS / GPS Map'. Below this is a 'GPS Map Filters' section with an upward arrow. It contains three filter categories: 'Visit Filters' with 'Status' (set to 'No GPS Exception') and 'Visit' (set to 'Select'); 'Employee Filters' with text input fields for 'First Name', 'Last Name', and 'Phone Number'; and 'Client Filters' with text input fields for 'First Name', 'Last Name', and 'Phone Number', and dropdown menus for 'Branch' and 'Supervisor' (both set to 'Select'). At the bottom right are 'Clear' and 'Filter' buttons.

Visit Information

04/29/2016
