

## Downloading from Google Play

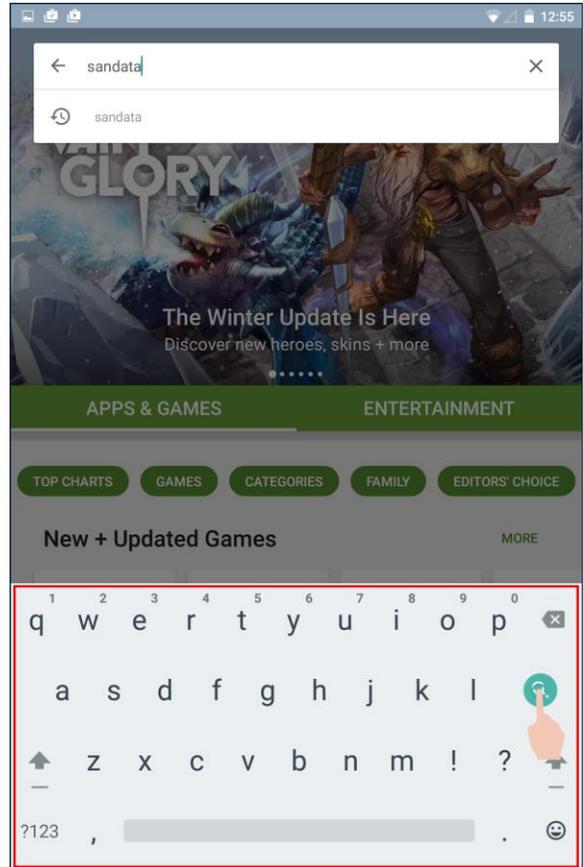

1. Open the Google Play Store by tapping the Google Play Store app.

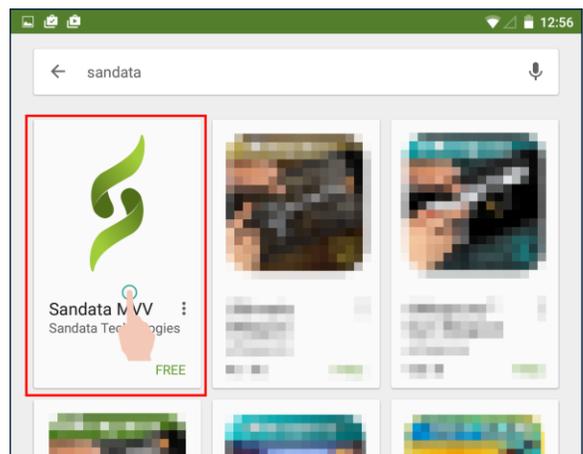

2. Tap in the search bar at the top of the screen.

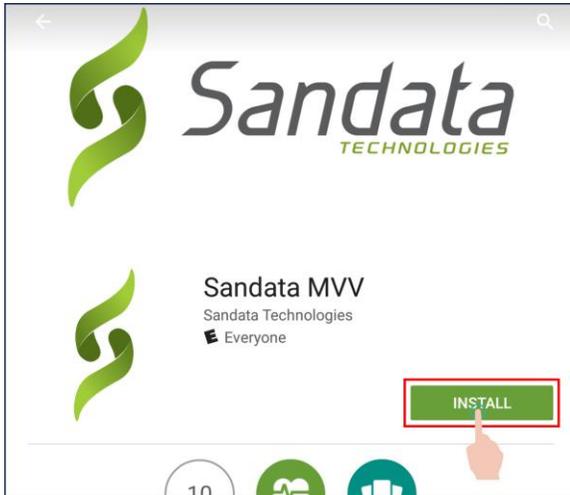

3. Use the tablet keyboard to type "Sandata" and tap the keyboard's **Search** button.

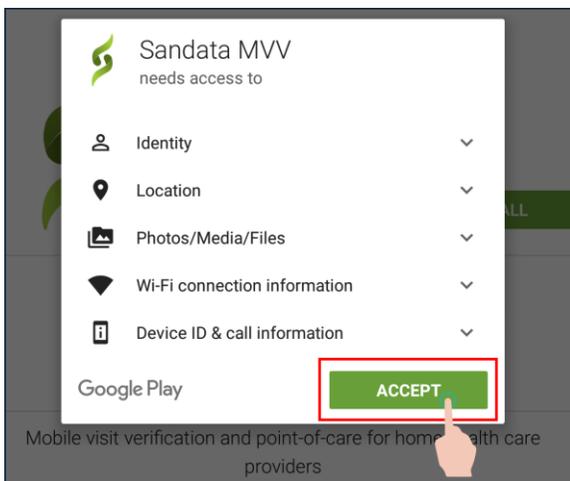

4. Tap the **Sandata MVV** tile.

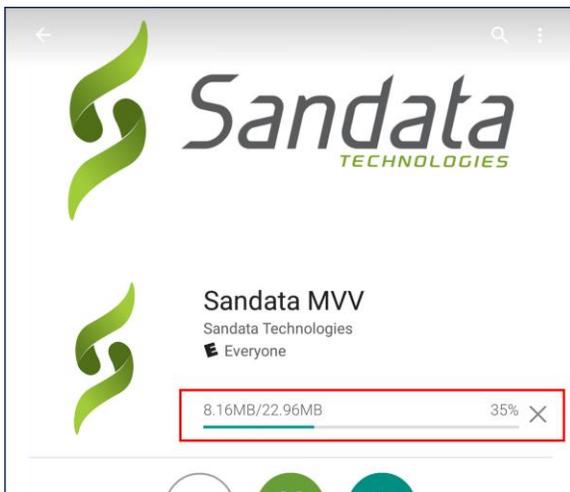

5. Tap **Install**.

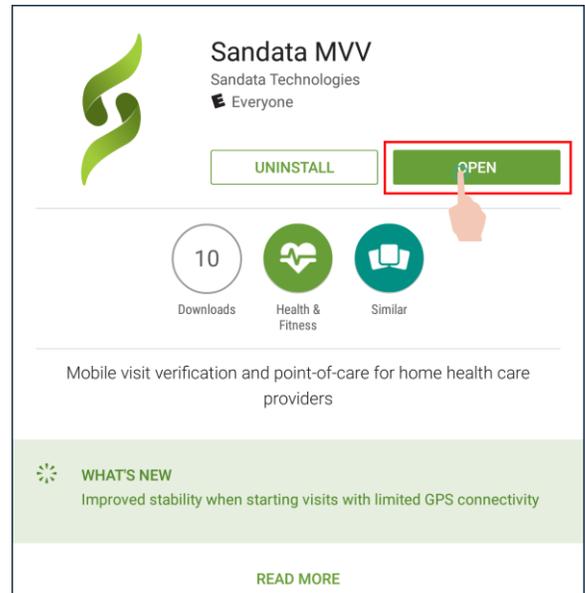

6. Tap **Accept**.

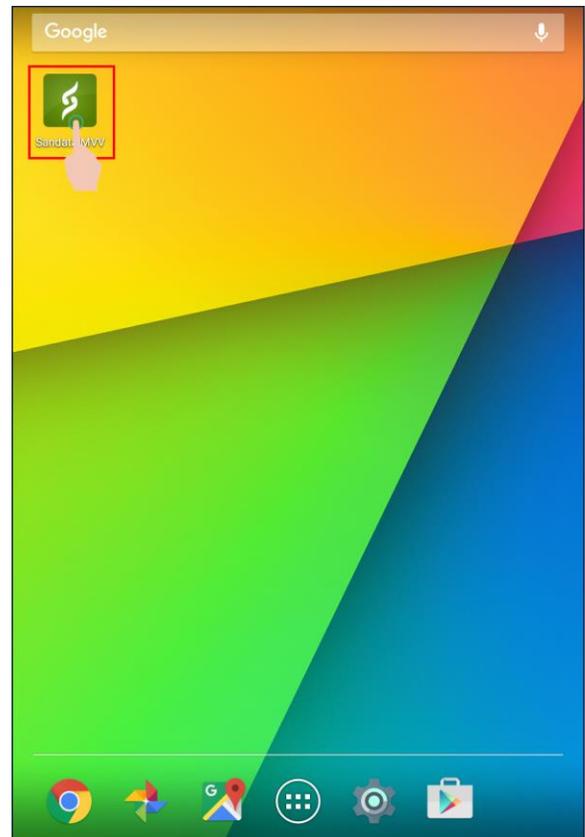

7. The app will begin downloading.

8. When finished, the **Open** button will be shown. Tap **Open** to launch the application.

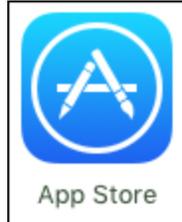

9. The Sandata MVV App icon is also now visible on the home screen.

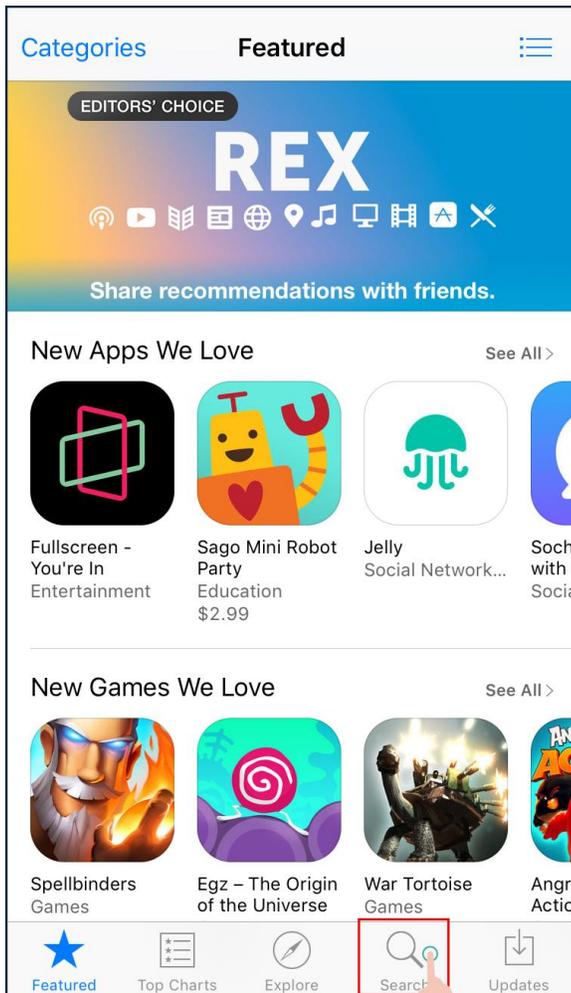

## Downloading from Apple App Store

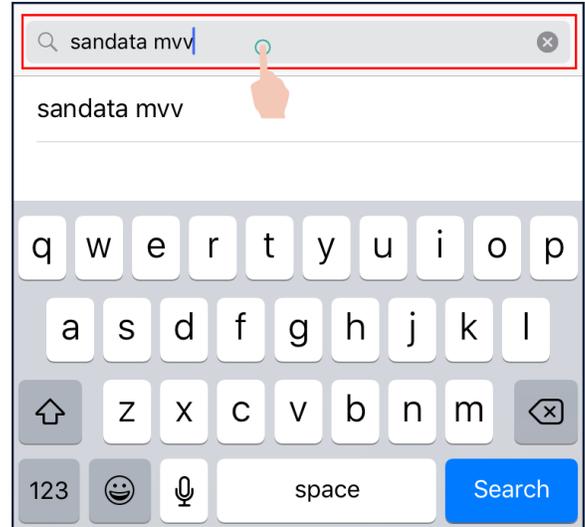

1. Open the Apple App Store by tapping the Icon.

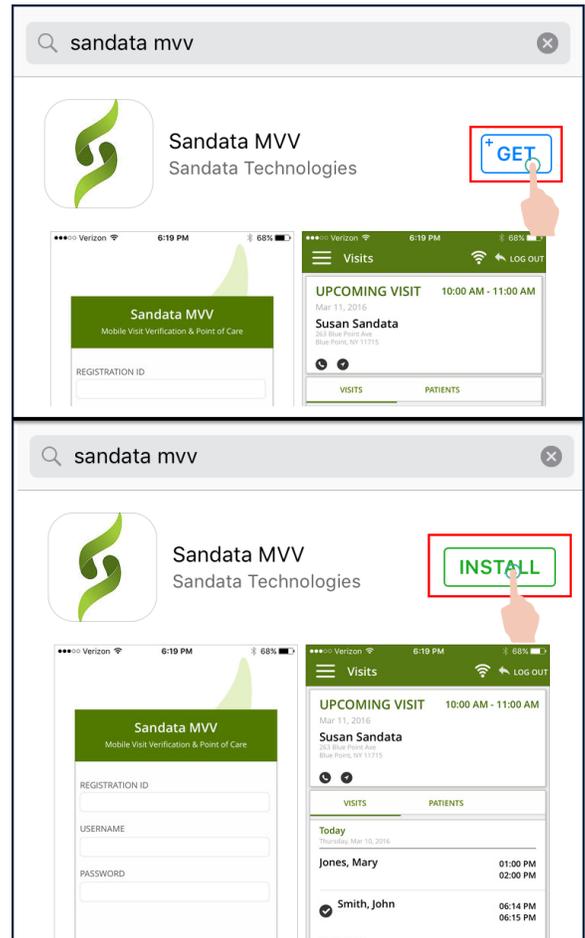

2. Tap in the search magnifying icon at the bottom of the screen.

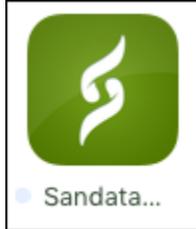

3. Use the tablet keyboard to type "Sandata MVV" and tap the **Search** button.

4. Tap **Get**, and then tap **Install**.

- The Sandata MVV icon will appear on the home screen after download is completed.

- The first time you log into the application, a pop-up will appear asking you to allow access your location. Tap **Allow**.
