

ATTENTION PES USERS!

Upgrade Required

All providers are required to install the new upgrade to PES 2.08.

There is an additional upgrade to be released in the near future.

All upgrades must be installed in the sequential order.

Provider types affected by the Ordering, Prescribing and Referring Provider Project must install this upgrade immediately to ensure proper processing of claims.

The 2.08 upgrade contains the necessary fields to enter information needed for Referring, Prescribing and Ordering Providers.

Referring			
SSN/Tax ID	<input type="text"/>	Provider ID	<input type="text"/>
Last/Org Name	<input type="text"/>	First Name	<input type="text"/>
		MI	<input type="checkbox"/>

The referring provider information must be selected from the Other Provider list by clicking in the SSN/Tax ID field. To add a new referring provider to your Other Provider list, double click in the SSN/Tax ID field.

This will allow you to build your list of Other Providers.

The Referring Provider fields are found in:
