A. Eligible Hospitals:

Non-state government owned hospitals that participate in the Medicaid program are eligible for additional reimbursement related to the provision of Graduate Medical Education (GME) activities. To qualify for these additional Medicaid payments, the hospital must meet the following criteria:

(i) Be eligible to receive GME payments from the Medicare program under provision of 42 C.F.R 413.75;

(ii) Provide graduate medical education training for at least 250 interns and residents per year;

(iii) Have a minimum total of 25,000 inpatient discharges per year (all patients); and

(iv) Be designated as a Level I Trauma Center by the American College of Surgeons.

B. Graduate Medical Education Definitions:

(i) Total Allowable Direct GME Cost – is the amount reported on CMS form 2552-10, Hospital Cost Report; worksheet E-4, line 25

(ii) Medicaid Utilization Percentage – is the ratio of Medicaid inpatient days to total hospital inpatient days. This ratio is determined as follows;
   a) Medicaid inpatient days as reported on CMS form 2552-10, Worksheet S-3; Part I; Column 7 lines 14, and 16 through 18; divided by
   b) Total inpatient days, as reported on Worksheet S-3; Part I; Column 8 lines 14, and 16 through 18.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Rhode Island

a) Total Allowable Direct GME Cost multiplied by;

b) the hospital’s Medicaid Utilization Percentage;

(ii) The aggregate GME supplemental amount payable by the State will be the lesser of the sum of each eligible hospital’s maximum payment calculated above or the aggregate amount included in the State’s enacted budget. In the event the enacted budget amount is less than the aggregate maximum, the payment for each eligible hospital will be appropriately pro-rated based upon each hospital’s calculated percentage of the total aggregate budget.

D. GME Supplemental Payments:

(i) The Total Allowable Direct GME Cost and the Medicaid Utilization Percentage will be updated annually using data from the most recently available Medicare Hospital Cost Report (CMS form 2552-10) submitted to Medicare by each eligible hospital;

(ii) The State will calculate the total GME reimbursement for eligible hospitals using the methodology in section C. above.
